*\* Yes I know that the constitution requires 28 days prior notification. I've been too busy cycling to get to the copy shop Ed*

Dear NOC member

I need to know how many club members reading this would prefer to have receive it via Email.

At present it costs approx £70 to produce an issue of the Black & Green. The majority of this sum is for postage, recycled envelopes, and photocopying.

This issue is primarily concerned with notifying the members of the AGM just as the last issue was created solely to promote the Bulwell Park event there being NO other news of merit.

The fixtures list was there to use up the remaining white space but this could just as easily been obtained from the BOF bulletin, Compass Sport, EMEWS or various web pages.

If you are prepared to receive this digitally please e-mail me with your address. If however you are one of the minority who still do not have e-mail access then of course you will continue to receive this via the normal channels.

If however you are one of those people who never reply to anything.....Well it's never to late to take up golf or ballroom dancing!

*( Okay if nothing else that should stimulate some hate mail.....)*

Keith

Would all juniors please check which course they need to run so that we obtain maximum points at the Yvette Baker trophy in Sherwood Forest West.

ALL juniors are required and there will either be someone at registration to ask or a preprepared list.

If you would like to see something interesting and intellectually stimulating to replace this boring white space then have you considered the strange possibility of -:

writing something  
yourself.....
